

## VRNA Bought By Merck News On July 9,2025 :

### When Do You Think The Insiders At VRNA Know About This Potential \$10 Billion Purchase?

Start at the beginning – the set-up of the play.

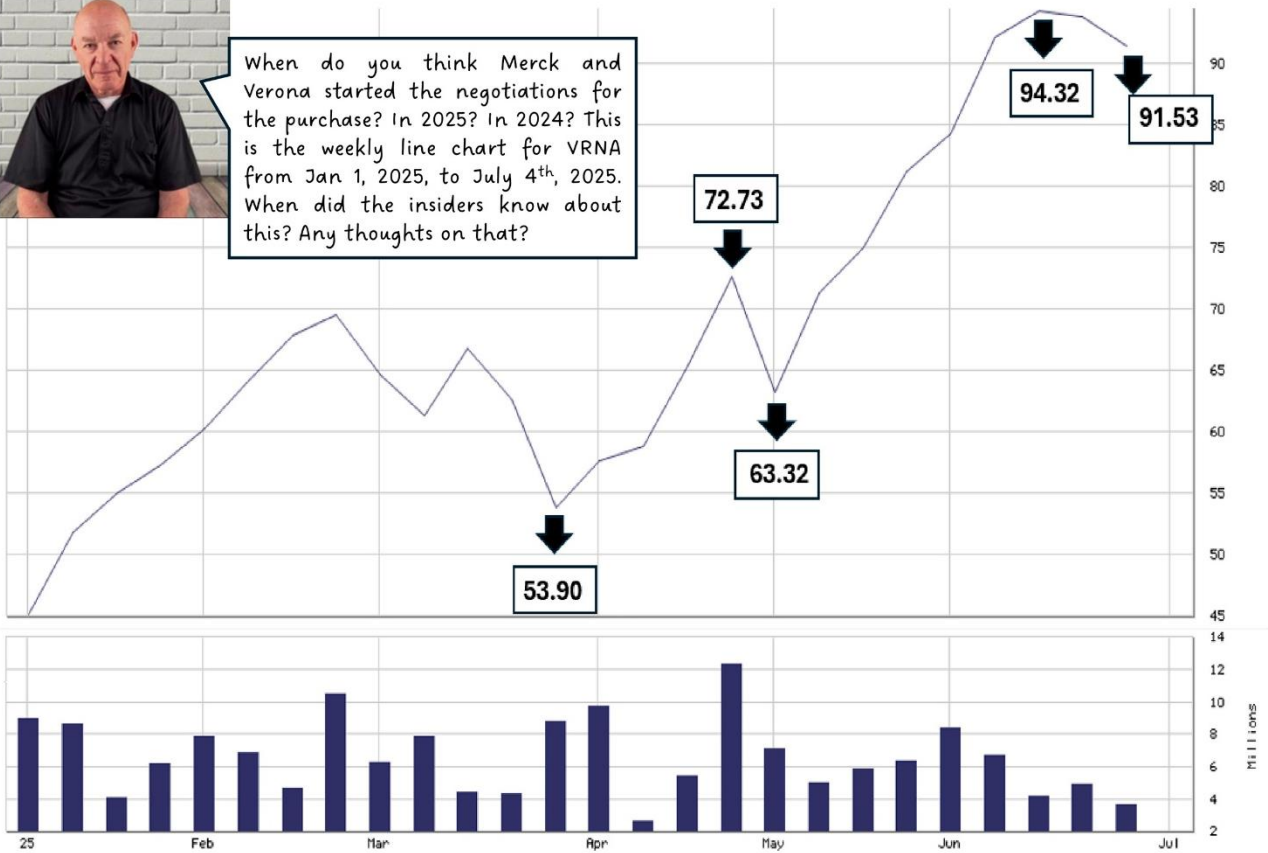

Negotiations of a purchase can take weeks, month and even years. No one on the outside knows.

When do you think Merck and Verona started the negotiations for the purchase? In 2025? In 2024? This is the weekly line chart for VRNA from Jan 1, 2025, to July 4<sup>th</sup>, 2025. When did the insiders know about this? Any thoughts on that?

Did the stock ever give you this “hidden” news about the impending purchase?

This is a daily line for 2025 as of yesterday, July 8, 2025. The day before the Merck purchase. Why do you think the price is dropping from the high of 97.22 to 86.86 even as the big guns are inking the deal at \$107? Someone wants to extract all the stocks out of the weakest of holders even at the last minute. And what about the 8.4 million shares short? What do you think is happening with them?
